# SUPREME COURT UPHOLDS FEDERAL PROHIBITION AMENDMENT AND FEDERAL ENFORCEMENT ACT

Final Decision Upholding the Constitutionality of Prohibition is Handed Down by the United States Supreme Court

INJUNCTION PROCEEDINGS SET ASIDE IN DECISION

Beer of More Than One-Half Of One Per Cent. Alcohol Is Illegal.

Sweeping Decision Long Awaited With Wide-spread Interest

(By Associated Press)

Washington, June 7.—Both the federal prohibition amendment and the enforcement act passed by Congress were held constitutional today by the United States Supreme Court.

The Court also dismissed the injunction proceedings brought by the state of New Jersey to prevent enforcement of prohibition in that state.

The opinion was rendered by Associate Justice Van Devanter.

Injunctions restraining prohibition officials from interfering with the Manitowoc Products Company, a Wisconsin corporation, in the manufacture of beer containing more than one-half of one percent of alcohol were dissolved by the Court.

The Court upheld federal court decrees dismissing proceedings brought to enjoin the prohibition amendment from being enforced against Christian Seigens, a brewer, of Newark, New Jersey.

Federal court decrees denying similar injunctions sought by the St. Louis Brewing Association likewise were affirmed.

The Court's opinion was very short, setting forth only the Court's conclusion.

Chief Justice White rendered a supplemental opinion concurring in the one rendered by Justice Van Devanter, going more fully into the issues involved.

The Court held as follows:

"The adoption by both Houses of Congress, each by a two-thirds vote, of a joint resolution proposing an amendment to the constitution, sufficiently shows that the proposal was deemed necessary by all who voted for it. An express declaration that they regard it as necessary is not essential. None of the resolutions whereby prior amendments were proposed contains such a declaration."

**FIGHT IS LOST SAYS ATTORNEY OF DISTILLERIES**

Chicago, June 7.—Levy Mayer, of Chicago, who

argued the case for the distillers in the Supreme Court, said on hearing of the Court's decision: "The fight is lost. The avenue of the courts is now exhausted."

## THREE DIE 45 INJURED AT KENT, O.

Benzol Tank Explodes And The Workmen in Rubber Plant Are Caught in Building

Many Injured Will Probably Die

(By Associated Press)

Akron, Ohio, June 7.—Three are known to be dead and 45 injured as result of an explosion of a 15,000 gallon benzol tank at the Mason Tire & Rubber Company at Kent, near here.

Several of the injured were so badly burned that little hope is held for their recovery.

Workers at the scene of the accident say more bodies are buried in the wreckage of the building.

Fire fighting companies of Akron, Kent and Ravenna were called out to quell the blaze.

## SAFE BLOWERS GET \$14,000

Youngstown, O., June 7.—Early Sunday morning, safe crackers blew open the safe at Samuel Giardullo's foreign exchange bank and escaped with \$14,000.

## RAILROADS GET \$125,000,000

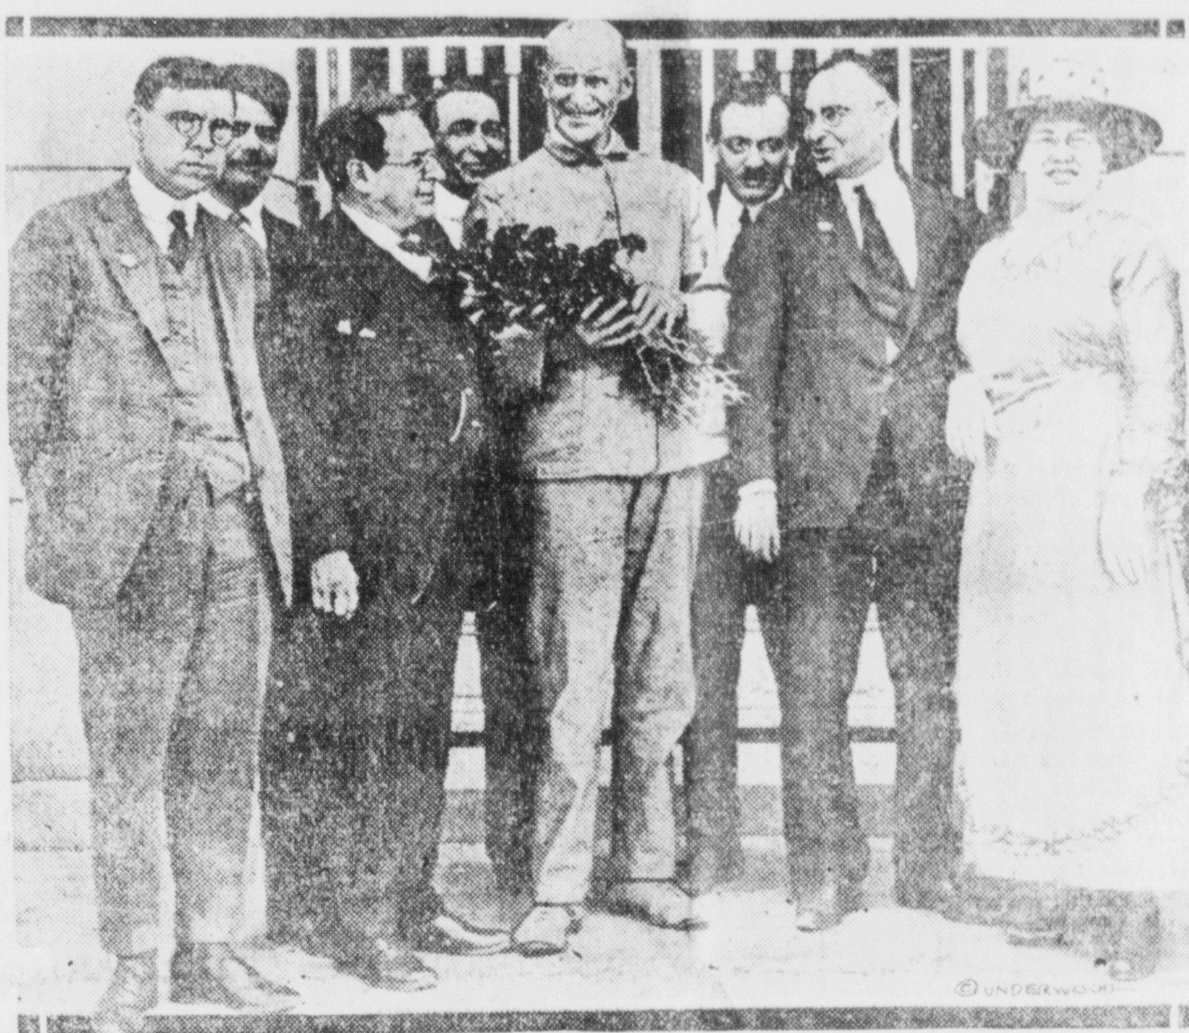

(By Associated Press.)

Washington, June 7.—Immediate appropriation of \$125,000,000 of government bonds for the use of the railroads to purchase new rolling stock was announced today by the Inter-State Commerce Commission.

SENATOR JAMES L. WATSON of Indiana with the party parchment.

"YOU'RE NOMINATED FOR PRESIDENT," DEBS NOTIFIED IN PRISON

The notification committee, newspaper men and Debs photographed in the prison.

The picture above shows one of the most unusual scenes ever staged in connection with the presidential campaign in the U. S. Eugene V. Debs, serving ten years in the federal prison at Atlanta, Ga., for violation of the espionage act, has just been notified by a committee of Socialist leaders that he was nominated

by the Socialist party in convention as its candidate for president. Dressed in prison garb and holding a bouquet Debs is giving the committee a message for his followers. "I have always been a radical, never more so than now," said Debs. The convict greeted each member of the committee with a kiss. In the photo, left to right, are: James O'Neill, associ-

ate editor of New York Call; Julius Gerber, New York Socialist leader; Seymour Steadman, Chicago attorney and Socialist; Otto Branstetter, national executive secretary; Eugene V. Debs; Wm. F. Eigenbaum of Socialist paper; Samuel Casella, Atlanta attorney, and Dr. Madge Patton Stephens of Terre Haute.

## CONVENTION SKY MORE BECLOUDED THAN EVER BEFORE

Conflicting Claims Fly Thick And Fast With Much Uncertainty as Formal Opening Approaches.

No Candidate, However, Has Over One-Fourth of Total Delegates at G.O.P. Meet

Situation Regarding Platforms Beginning to Assume Definite Form.

(By Associated Press)

Chicago, June 7.—The imminence of the republican national convention, which begins its sessions at noon tomorrow, apparently worked today to further becloud instead of clarify the question of who is to be the nominee for president.

Wood, Lowden and Johnson supporters were driving hard for the advantage, and all were claiming gains. But

the best claims for any of the three amounted to little more than one-fourth of the total delegates' strength on the first ballot, and it takes a majority to nominate.

With prospects of a deadlock thus becoming better hourly, favorite sons and dark horse possibilities increased their activities.

Realizing the power which might be wielded by a friendly staff of permanent officials managers for all the candidates are studying carefully before they jump one way or the other in the choice of a permanent chairman.

Senator McCornick of Illinois and former Senator Beveridge of Indiana are most prominently mentioned for the chairmanship.

If the outlook over candidates and organizations is uncertain, most of the leaders agree that the situation as regards platforms at least is beginning to take form.

There were indications today that a league of nations plank, over which one of the bitterest convention fights had been predicted, might soon be given the approval of all the leaders except a small group of mild reservation senators.

Evidence Submitted to Department of Justice in Bergdoll Case.

Several Civilians Are Involved

(By Associated Press.)

Washington, June 7.—Evidence taken by the Inspector General of the Army in connection with the escape of Grover Cleveland Bergdoll, wealthy draft evader, will be submitted to the Department of Justice for determination whether it justifies prosecution of civilians involved in the escape.

Secretary Baker, in making this announcement today, said the recommendation of the Inspector General involved "disciplinary action against several persons." No names were made public.

Want Impeachment of Attorney General Palmer For "Stupidity."

Profiteering, Bolshevism, President and High Cost Get Attention.

'Specific Program For Remedy' Submitted

(By Associated Press)

Montreal, June 7.—The American Federation of Labor, meeting for the second time on foreign soil, opened its annual convention here today.

More than 500 delegates were present when the convention was called to order by President Samuel Gompers.

Some of the resolutions deal with the political situation in the United States, the high cost of living, profiteering, bolshevism, the "one big union," President Wilson's foreign policy, industrial court, public ownership of railroads, Attorney General Palmer whose impeachment will be asked.

With the council's review of organized labor's position and activities for the last year, was also presented "a specific program for remedy."

The Cummings railroad law was denounced, as was the Kansas law establishing the court of industrial relations. The high cost of living was laid largely at the door of "big profiteers" while the report declared the United States government, principally through the Department of Justice, "has conducted a campaign of stupidity."

Congress was assailed for cutting appropriations designed to carry on the work of the collateral branches of the Department of Labor and for various proposals, such as the sedition bill, which the report says the labor movement was instrumental in defeating.

In its references to the foreign field the report denounced what it characterized as propaganda for American intervention in Mexico and declared that the executive council sees "no justification for interference," which it argues would be in the interest "of the exploitation of its workers, and its boundless wealth of oil and minerals."

The United States Steel Corporation was assailed for its refusal to deal with the labor organizations in the recent unsuccessful strike, and the authorities of Boston also were denounced for their attitude in the celebrated strike of policemen in that city.

The workmen of Canada were congratulated for defeating "the one big union" idea and their stand was characterized as "a magnificent triumph for trade unionism and a vindication of the purposes, policies and achievements of the American Federation of Labor."

The industrial conferences called by President Wilson were characterized as unsuccessful because "the employers stubbornly resisted every attempt at conciliation" and would not accept any resolution on collective bargaining "unless it was so worded as to be anti-trade union in spirit and to provide encouragement and support for company unions."

## KILLS ADMIRER OF HIS SISTER

(By Associated Press.)

Alliance, O., June 7.—Andy Mazzi, 22, was shot and instantly killed last night by Louis Mechetti, at the home of the latter.

Mechetti objected to Mazzi paying attention to his sister and a quarrel ensued.

Mechetti narrowly escaped being lynched by enraged Italians, who captured him and held him until police arrived.

## MOONSHINER UNDER ARREST

(Special to The Herald)

Wilmington, O., June 7.—William Coons was arrested late Saturday night at his home here and will face trial Tuesday charged with making whiskey in his home.

Coons, police say, possesses a complete whiskey making outfit and was engaged in distilling the liquor when taken in charge by the officers.

## SAY KIDNAPED CHILD IS FOUND

Dallas, Texas, June 7.—Police here today express the belief that a white baby discovered concealed in the home of a negro woman is Blakely Coughlin, who was stolen from his home in Norristown, Pa., last Wednesday.

## BIG SEIZURE

(By Associated Press)

Reverna, O., June 6.—Eighteen hundred quarts of whiskey enroute from Pittsburg to Akron were seized by the sheriff ten miles south of here today. The men driving an automobile and a truck were taken to Cleveland by federal officers.

## "IT BUILT ME UP FIVE YEARS AGO"

Stomach Trouble Gone And Has  
Gained Twenty Pounds Since  
Taking Tanlac, Says Crouse.

Although it has been five years now since Harry Crouse, 967 North Fourth street, Columbus, Ohio, foreman for the Tinkin Auto Bearing Company, realized the remarkable reconstructive powers of Tanlac, like thousands of others who have used it with the same wonderful results, he still finds pleasure in telling the people about it. A few days ago while relating his experience with the medicine Mr. Crouse said:

"Yes, sir, it was five years ago that Tanlac put an end to a bad case of stomach trouble for me, and not only that but it put me into shape where I gained twenty pounds in just a few weeks time."

At the time I began taking Tanlac and even for years before, I had been in an awful rundown condition, suffering from indigestion in its worst form. My stomach was sour all the time and I had reached the point where I dreaded for meal time to come for nearly every bite I ate meant trouble for me. Right after eating anything I felt full and weak and my heart would palpitate terribly. I was awful nervous and felt bilious and nauseated most of the time. I lost a good deal of weight and was so drowsy and out of sorts I was hardly able to stay at my work.

"As soon as I started taking Tanlac, I knew I had at last found the medicine I needed for the indigestion began to leave me and I commenced to pick up weight. I kept on improving until I had gained back all my lost weight and was feeling as fine as I ever did in my life. I could eat anything I wanted without any trouble, was not nervous or bilious and in fact was a perfectly well man. That was five years ago and I have been enjoying the very best of health ever since until a short time ago I began to feel weak and run-down. I knew how Tanlac had fixed me up before, so I got another bottle and am now back in fine shape again. Several of my friends have started taking Tanlac and they are praising it too."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Milledgeville, E. L. Ford Sons.—Adv.

## CENTENARIAN CELEBRATES 100TH BIRTHDAY ANNIVERSARY

JONATHAN C. MILLS.

Jonathan Chalkley Mills, oldest man in Clinton county, residing four miles north of Sabina, celebrated his 100th birthday Sunday, with more than five hundred persons, among them a number from this city attending the celebration.

The affair was the most notable of the kind ever held in Clinton county. Over three hundred participated in the noon day basket dinner and seated at the table with the centenarian were seven of his friends over eighty years old—Ben Darbyshire, aged 96; Henry Sharp, 88; George Carter, 82; Joseph Mills 82; Dorcas Carey, 84; and David Mills and Jiretta Bentley around the eightieth milestone.

Mr. Mills whose vitality and activity are the wonder of all the country around, responded to the heartily extended greetings throughout the entire day and made a speech of welcome to the guests assembled for the dinner.

Rev. Simon Hester, of the Friends Church, pronounced blessings upon tables loaded to their fullest capacity with everything good to eat that could be prepared.

There was an immense birthday cake, upon which blazed brilliantly one hundred candles, and was sent from the Flowers' bakery in this city.

The dinner hour was never to be forgotten, with the perfect June day enveloping the great crowd and pouring its radiance upon the white hair of the stalwart old man, who was passing this

most unusual anniversary in the esteem and affection of his family and friends and enjoying everything with all the zest of a boy.

Mr. Mills' wife had been a Peelle, and the Peelle family assembled at the place and time for a reunion, presented him with a handsome gold headed cane, with the dates engraved.

The four living children, Louis, Albert and Elias Mills and Mrs. E. A. Lewis, had the anniversary celebration in charge.

Jonathan Chalkley Mills was born near Richmond, Ind., and at an early age moved to Clinton county, where he has since resided, and celebrated his 100th birthday on the same farm where he has lived for 76 years.

His wife, who was Rhoda Peelle, was 91 years old when death called her 15 years ago. Five children were born to them.

Mr. Mills arose at 4:30 on Sunday morning, bathed and shaved himself, as is his everyday custom; was on duty the entire day and seemed unfagged at the end of the celebration. He has never used tobacco nor intoxicants and not only is his health remarkable, but his faculties preserved almost beyond relief. He wrote his own name clearly in the register of Sunday.

Among those who attended from this vicinity were: Mr. and Mrs. Reuben Rankin, Dr. Florence Rankin, Mr. and Mrs. C. U. Armstrong, Mr. and Mrs. Frank Creamer and children, Mrs. Paul Palmer, daughters Misses Helen and Emily and Mr. Earl McCoy.

bus, she passed away a few minutes before they arrived.

The sympathy of the entire community as well as that of relatives and many personal friends, goes out overwhelmingly to the terribly bereaved husband and son, the aged mother, now bereft of both her daughters, and the two brothers, Albert and Harry Nolan.

Most of Mrs. Burnett's life had been spent in this city, where she had grown up a lovable young woman and lived out her married life, until removal to Columbus about ten years ago. She frequently returned to visit her mother, especially since the death of her only sister, Mrs. Augusta, and retained the interests of her home town to an unusual degree.

Funeral services will be held Tuesday at 4:00 p. m. at the Memorial Chapel in the Washington cemetery, where burial will be made.

## SUDDEN DEATH OF MRS. ADD BURNETT

The community has been greatly shocked by the sudden death of Mrs. Henrietta Burnett, wife of Mr. Add Burnett, manager of the Columbus Board of Trade, which occurred at eleven o'clock at the home of her mother, Mrs. Mary Nolan, on North Main Street, Saturday night.

Mrs. Burnett had been visiting her mother for the past month, apparently in her usual health. About seven o'clock Saturday evening she was the victim of a stroke of apoplexy and, although the word reached her husband and only son, Nolan, in Columbus, she passed away a few minutes before they arrived.

# FARMERS OF FAYETTE COUNTY

Agriculture represents 51 percent of the wealth of the Nation's four largest industries, yet the farmer has very little voice as to what he shall get for his products or what he pays for supplies.

The Fayette County Farm Bureau is organized to look after the business interests of the farmer. Capitalists and manufacturers set their own prices and determine their own profits. Labor is arbitrarily setting its own wage. This is being done through

## Organization

and only by organization can the farmer secure a just return on his capital invested and reward for labor performed. Your Farm Bureau is reorganizing on such basis as is necessary to secure sufficient financial and moral support to tackle the really big problems that now confront the farmer. We face organization on every side and we must meet it with organization of the strongest kind. The Farm Bureau

### FARMERS ROLL SLEEVES READY FOR ENROLLMENT

Meeting Saturday Afternoon Resulted in Organization to Get Members.

Enrollment Begins Tuesday And Scores Already Have Joined For Three Years.

Reorganization of the Fayette Farm Bureau on the Ohio and American Farm Bureau Federation basis, the active campaign for which will be begun Tuesday, was started Saturday afternoon after a dinner in Memorial hall, given by the Farm Bureau and attended by three-score farmers representing all townships.

The dinner, in charge of Charles Allen, Fayette Bureau treasurer, was served by the local American Legion Post, Charles McCoy, Fayette county president, presided. Rev. K. B. Alexander, pastor of Grace M. E. Church offered invocation.

The addresses made were in line with initial efforts to open a campaign. It is said by state organization men that the dinner idea is practically unique in Fayette county.

Addresses were made by Charles Scott, Hillsboro; H. W. Tomb, Bloomville; F. P. Miller, Lancaster; Arthur Dawson, South Euclid; F. L. Shoenberger, Hiram; and J. H. Larimore, Westerville.

"The time is coming," said Mr. Scott, "when, instead of criminal action against the food producer who tries to make a living, he will be presented with a gold medal."

Mr. Scott said that even in the hilly county of Highland, starting with 48 \$1-a-year members, the farm bureau had put on a campaign which resulted in a membership of 1350, at \$10 a year for three years.

Messrs. Tomb, Dawson and Miller stressed the value of organization.

Mr. Shoenberger talked interestingly of his agricultural demonstration trip in Japan and Siberia.

Mr. Larimore, publicity man for the Ohio Farm Bureau Federation, declared that the newspapers of the United States are ready and willing to carry the farmer's story.

"Eighty-five per cent of the news carried in the American newspapers is as true as the gospel according to John," Mr. Larimore said.

"Take the newspaper men into your confidence," he advised the farmers. Charles Allen, treasurer of the local organization, made a report showing only a few dollars in the treasury.

The campaign, to be opened in every township Tuesday, will be conducted by Fayette county men, with the assistance of state organizers. It will be the purpose, it is announced,

to see every farmer, whether owner, tenant or worker, in the county inside the next two weeks.

At the conclusion of the Saturday afternoon meeting signatures for the three-year membership were obtained, totaling 59. This was soon increased to 71. The township leaders and drivers were selected, as follows:

Concord, W. E. Sollars; Green, A. C. Zimmerman; Jasper, John Perrill; Jefferson, Lewis Bates; Madison, Fred Dorn; Marion, Edward Gerhart; Paint, M. L. Dickey; Perry, W. O. Beatty; Union, Frank Haines; Wayne, Frank Rothrock.

### W. H. M. SOCIETIES IN SERVICES HONORING 40TH ANNIVERSARY

Auxiliaries of the Women's Home Missionary Society of the M. E. Church celebrated the 40th anniversary of this organization in "Mother's Birthday" services, held Sunday in every M. E. Church throughout our land, where such services were practical.

These services not only honored the anniversary; they also brought to the public a new conception of the importance of this work.

Grace M. E. Church.

The services of the Grace M. E. Auxiliary were beautiful and impressive, with the three branches attending in a body—the Woman's Society, led in by Mrs. H. W. Wills, president before taking her place with the other officers on the platform; the Young Woman's Society, by Mrs. F. G. Carpenter, and the Queen Esther Society, by Mrs. Williams Craig.

Mrs. Wills conducted the opening exercises and Mrs. Eph Worthington led the devotions. Mrs. Walter Hays had in charge a very pretty march and song; the Queen Esthers a song, and the choir furnished special music.

Mrs. Wills, as president, made a very interesting little talk on "Forty Years Ago."

Miss Irene Tobin made a fine memorial address, her subject, "America for Christ," giving a large amount of well culled information, and closing with a most effective original poem. Miss Tobin's poise and excellent delivery was an excellent feature of the address.

Rev. K. B. Alexander in a short address gave new insight into what these societies really mean and the splendid work they are doing.

West Holland Auxiliary

A notable gathering was the one at Camp Grove Church on the Chillicothe pike, under the auspices of the West Holland Auxiliary, which has many loyal members at the former place.

It was an all day meeting with a picnic dinner served by the ladies of both churches.

A noticeable feature was the large number of men at the dinner table and remaining for the afternoon birthday service. The cutting and serving of the birthday cake was delightfully impressive and closed the noontide festivities.

At two o'clock an entertaining program was given, presided over by Mrs. G. W. Thompson, district and auxiliary president, and to whom much credit is due for the success of the whole affair.

A bright band of Mother's Jewels in charge of Mrs. Harold Inskeep added to the pleasure of the occasion by their song and their excellent attention.

Music was furnished by the auxiliary and Mrs. H. W. Wills and Mr. Rose contributed beautiful piano numbers.

The address was given by Mrs. F. G. Carpenter, who organized the auxiliary 16 years ago. She received much commendation and applause for her manner of presenting the Home Missions branch of Christian service.

Mrs. W. B. Rose, first president of the auxiliary, gave tribute to the ladies in her own bright way. By spec-

ial request Mrs. Carpenter added a reading that was highly appropriate. Then with a song and prayer by Mrs. Elliott, the celebration was over. A nice little sum was secured for the Slavonic Training school and six names were added to the list of members.

Other societies held services in connection with other meetings.

### Can Johnson Do It

As the rather confusing "milling" of the candidates political leaders and delegates, assembling at Chicago for the republican national convention, gives evidence of quieting down somewhat, certain purposes of candidates and factions are becoming more clearly recognized.

The expert observers are now asserting that one of Senator Hiram W. Johnson's plans to secure the nomination for president is to appeal from the decision of the resolutions committee if it does not flatly declare for rejection of the Versailles treaty and the league of nations.

Johnson is the acknowledged leader of the "irreconcilables" and if the republican convention can be committed to the doctrine of entire rejection it could not do otherwise than nominate the radical Californian.

Realizing that the great majority of the rank and file of the republican party and the majority of the delegates favor the league of nations and treaty ratification with the Lodge reservations Senator Johnson has decided on a bold stroke for control, relying on his strong personality to win the favor of opposing delegates.

The California candidate is not unmindful of the fact that a compromise or a "straddle" by the convention on the peace treaty issue or placing in behind other issues would help the cause of every candidate before the convention save his own. He is almost certain to try by a full force front attack to turn the whole convention squarely around.

Unless he can do that or do some other equally daring thing Johnson will be a big factor in naming the candidate but is not likely to secure the coveted honor himself.

But can Johnson turn, by so bold a stroke, apparent defeat into a complete triumph?

### Congress Quits

Congress has adjourned without day and, unless there is some pressing emergency arising, will not be in session again until next December.

The session just ended is one of the most remarkable ones held by a legislative body in the nation's history. The Congress which has just adjourned will be noted chiefly for the important duties which it dodged and failed to discharge.

Very few Americans indeed will regret the passing of Congress. It has kept the nation in a turmoil of unrest by sensational announcements and proceedings which resulted in no good.

It has been concerned more with creating conditions out of which political issues could be created and in shaping its course according to political expediency, than toward a discharge of its real duty.

### "Knee Deep" in Flowers

The predictions, by those who watch closely the movements and positions of the planets, that the summer of 1920 would be an unusually cool one seem to be sustained thus far and we are now well along toward the middle of June. According to the usual run of the seasons we should have had before this and should be having now some real hot weather.

As a general thing the steamy hot days and nights of June are counted on to give the corn crop its foundation growth but this June seems to be an exception.

While the weather conditions have fallen far short of being ideal corn weather and while the heat has not, at any time, made us uncomfortable the wheat and the grass have made marvelous progress.

Never have the wheat fields and the pastures shown such vigorous looking and beautiful green coverings. The vegetation of all kinds, especially the flowers, seem more gorgeous in their splendor of size and colorings this June than for many years.

It is difficult to believe, if we are happy and appreciate the blessings and the beauties of the present, that nature is going to make any mistake about the corn crop if we do our share and keep up our end of the work.

June may fall short on the heat average but this year the sixth calendar month has placed us all "knee deep" in flowers and the beautiful growing things.

## POETRY FOR TODAY

GET TO WORK

Is the cost of living rising?  
 Get to work!  
 Is the price of things surprising?  
 Get to work!  
 Do you find your income shrinking?  
 Though no cent you spend for drink-  
 ing.  
 Is your courage slowly sinking?  
 Get to work!  
 Is there need of more production?  
 Get to work!  
 Are there signs of strikes and ruction?  
 Get to work!  
 Are the nations going crazy.  
 Are their economies hazy.  
 Do you feel you're growing lazy?  
 Get to work!  
 Are we in a false position?  
 Get to work!  
 Are we headed for perdition?  
 Get to work!  
 Is the hope of "peace" receding.  
 Is there lack of sense and breeding.  
 Is the league mere pleasant reading?  
 Get to work!

Are we slowly, surely slipping.  
 Living on each other's tipping.  
 Is the nation's fabric ripping?  
 Get to work!

No Individual of The New Generation Able to Take The Leadership.

## CONFERENCE WILL BE HELD FOR NEW LEADER

Chaotic Situation in Convention Grips Candidates and Politicians.

BY MARK SULLIVAN  
 (Copyright 1920)

Chicago, June 5.—When the news finally came Saturday afternoon that Penrose would not be here, it carried implications not merely of his absence from the convention but of the passing of that dynasty altogether. One would have supposed that instantly there would have been a new chieftain for all eyes to turn to. One would have supposed that an ancient and powerful organization like the Republican party would have been added here and there with ambitious men, trained for the vacant post and ready instantly to step into it. But it is not so.

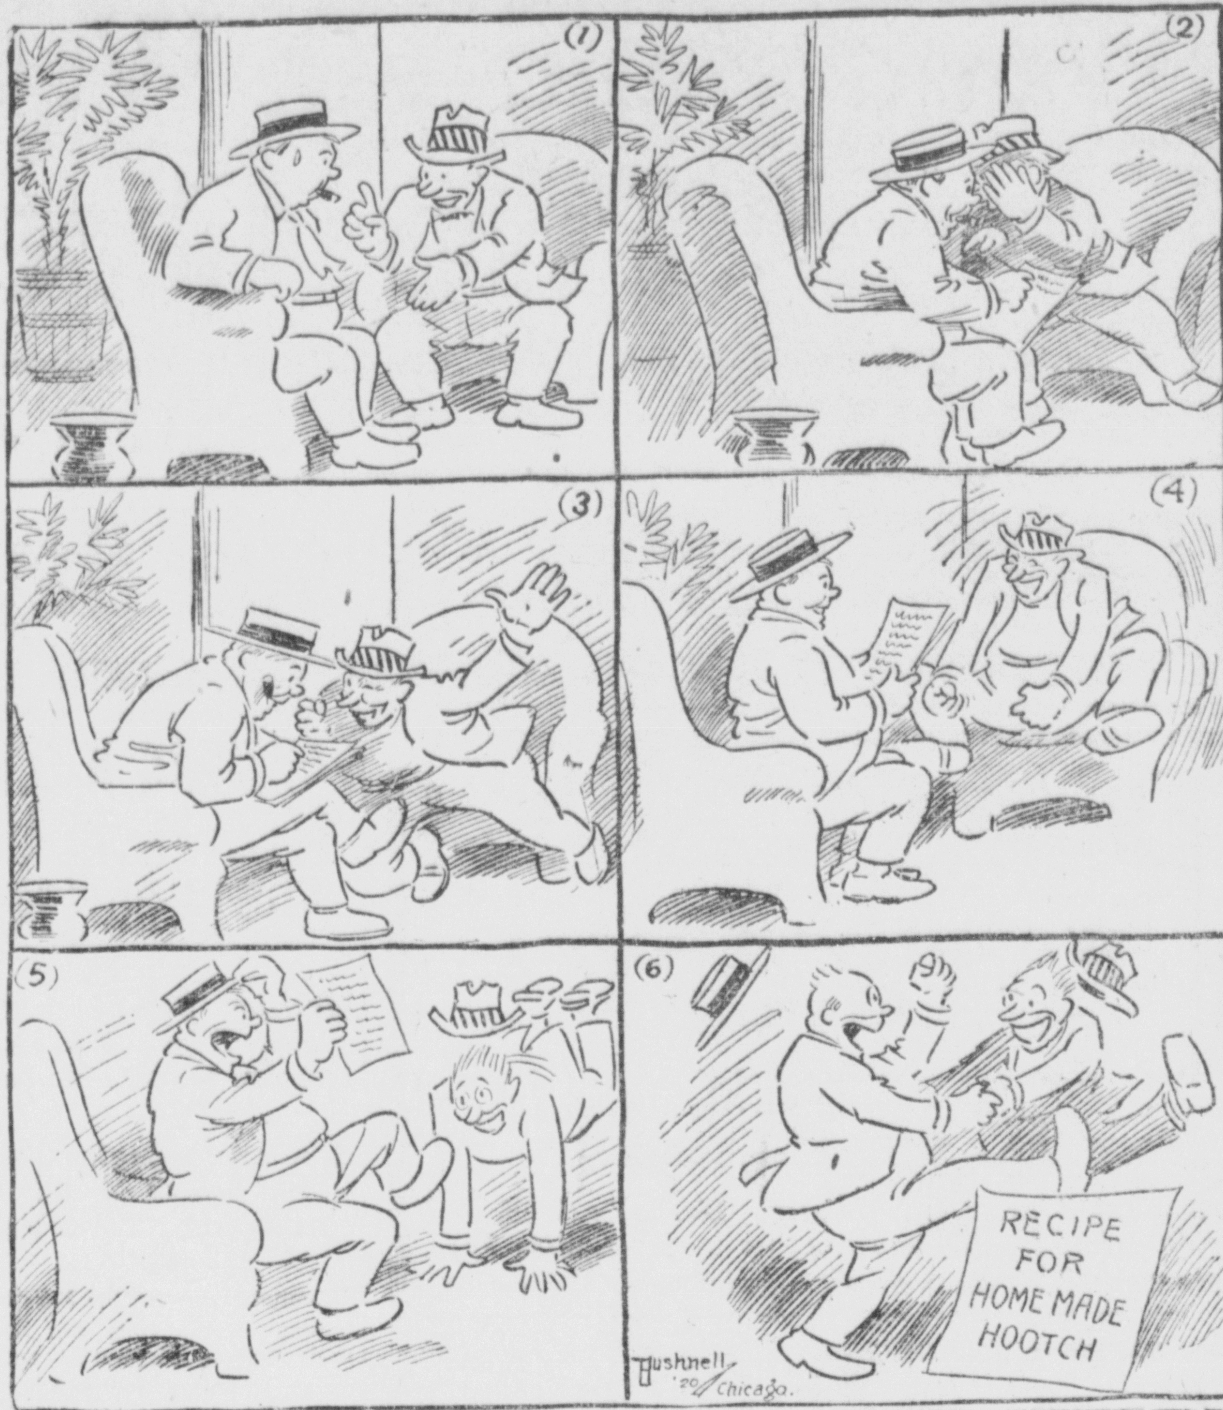

Not only an individual but a generation has passed and in the younger generation there are no figures comparable to Penrose in power or personality. What is happening, so far as any thing definite at all is happening, to fill Penrose's place is that informal conferences will be held within the next two or three days to agree upon the generalship of the convention. For the moment, Penrose's feeble strength ebbs along a thousand miles of telephone wire to a room in the Congress Hotel, where his words are received by John T. King, of Connecticut and Senator James Watson of Indiana.

If the situation here is chaotic as to leadership, so also is it chaotic as to candidates. There is, as I have said, just a faint beginning of coagulation looking toward leadership; but, as respects the candidates, neither grows more definite. There is not a candidate who is confident of winning; there is not a manager who is confident of making nominating speeches who have not any confidence in the success of their candidates; there are men scheduled to make nominating speeches who are spending today in earnest discussion looking to the selection of a candidate other than the one they represent. There is no candidate who is adding to the number of his delegates. One or two candidates must be conscious that their delegates are weakening in loyalty. There is nothing definite; nothing that takes form.

Under these circumstances your correspondent has a strong distaste to share in the predictions that are so common. But it would be reasonably safe to say these things:

Somewhere in the early ballots there is likely to be a tug-of-war between Wood and Lowden. In the deciding of the tug-of-war the 384 delegates can be divided, roughly, into four groups. There are about 300 delegates who are, in varying degrees, loyal to Wood. There are about 250 delegates who are, in varying degrees, loyal to Lowden. There are about 250 delegates who compose what may roughly be called "balance-of-power" group. They are delegates uninstructed, without pledges and without personal preference. They come in little groups from various States. They have been brought together by a few of the Old Guard leaders who have an understanding with each other and with the delegates whom they are bringing together. The understanding is very loose and intangible. It is not in favor of any candidate and goes no further than merely an assent to act as a group under common leadership. As the opening day of the convention approaches this group tends to grow in compactness and cohesiveness. It is increasingly reasonable to expect that the group will be able to exercise the balance of power. The fourth group of delegates con-

It Is Understood Among the Delegates That No Attempt Will Be Made to Write Liquor Into the Republican Platform—But—

sists of about 200 who are entirely individual in their leanings and who are acting independently.

In this tug-of-war between Wood and Lowden the tendency will be for all to unite against Wood. The whole convention will become, for a few ballots, Wood and anti-Wood. In this tug-of-war it is comparatively easy to foresee a time when Wood, with delegates that he has and delegates that he may get out of the fourth group may reach as high as 400 or 420. It is possible but not easy to see how he can get enough to nominate him. If the balance-of-power group remains steadfast against him.

If Wood is prevented from winning, the balance-of-power group will then decide whether to name Lowden or to substitute one of the dark horses in place of Lowden. If they regard their situation as dangerous, they will name Lowden and be done with it. If they have sufficient confidence in their power, they will probably pick another.

Even this tentative outline is so full of qualifications that one hesitates to set it down. To go farther than this would be to deal wholly in the field of surmise.

Paint street, entertained in honor of his eleventh birthday.

The diversions of the afternoon were music, out-door games and several contests.

Especially interesting was an air plane race, in which prizes were awarded Mary Alice Davis, Helen Hutson and William Ireland.

A color scheme of pink and white was tastefully used in decoration, and the children delighted over the huge birthday cake with its pink icing and burning tapers.

Partners were found by having the girls disappear behind a screen over which were thrown long pink ribbons to which paper cards were attached. The boy chose the cards and found his partner at the ribbons end. Then each couple were ushered to the dining room where a delicious collation was served. Novelty return balls were given as favors the young host responded with much pleasure to the congratulations which were showered upon him and for the many beautiful gifts received.

Robert was assisted in entertaining the children by his mother, Mrs. Thos. Hartman and Mrs. J. F. Hartman.

The Daughters of the American Revolution will celebrate Flag day next Monday, June 14th, with Mrs. W. A. Harlow and daughter, Mrs. Maude Coffman at their beautiful suburban home.

#### JAMES T. TUTTLE CALLED BY DEATH

With an unexpected suddenness that, regardless of his several years of frail health, greatly shocked the community, the eternal summons came to Mr. James T. Tuttle, at his home on East Temple street, at a quarter of six o'clock Sunday evening.

There had been absolutely no forewarning. After a quiet afternoon, most of it spent on the veranda, Mr. Tuttle had lain down on a couch in the living room and his wife, who never left him except when it was absolutely necessary, was reading to him, when the weak heart, the cause of all his ill health, ceased to beat.

It was a peaceful and beautiful close to sixty-seven years of useful living.

Mr. Tuttle came to this city sixteen years ago, after a number of years of educational work as principal of schools in Springfield and Dayton. He resigned as principal of the Webster School of Dayton, to accept the superintendency of the Washington C. H. Public Schools and for five years filled that responsible office with ability and a conscientiousness, which went far toward the upbuilding of the local schools.

Later Mr. Tuttle and his wife owned and successfully conducted until Mr. Tuttle's health failed, the J. T. Tuttle book store now known as the Sollars book store.

A fine man and polished gentleman, always courteous and obliging, Mr. Tuttle in his business life added new friends to the many made while engaged in school work.

His failing health has been a source of much regret, which is stirred to an infinitely greater extent by a sense of loss in his death.

Mr. Tuttle was a valued member of the First Presbyterian Church and devoted to its interests. He capably filled the office of elder and clerk of the church for a number of years. To his home relations he gave his deepest affection, and is survived by a wife, one daughter, Mrs. Walter D. Craig, two young grandsons, a sister, Mrs. Kate Ottot, and one brother, Wm. E. Tuttle, both of Springfield.

Funeral services will be held at the home Wednesday morning at 10 o'clock and burial be made in the Washington cemetery.

Friends are asked to kindly omit flowers.

#### HOME IS DESTROYED BY NIGHT BLAZE AT NEW MARTINSBURG

Fire of undetermined origin totally destroyed the George Ritchell property, occupied by George W. Keysaer and family immediately south of New Martinsburg, about midnight Sunday night.

The property was a frame structure and when discovered the flames had secured such a headway that only a part of the household furniture could be removed.

During the early hours of the evening the Keysaer family had been seated on the porch and the men had been smoking. It is thought that smoldering ashes dropped from the cigars made the blaze.

The loss, was partly covered by insurance.

#### BIG CITY FIREMAN WINS GHOSTLY BED

At a late hour Monday evening Jack Wolfe, member of the City Fire Department, will be taken to the Washington Cemetery where a cot has been provided and everything made ready to receive the person who dares to defy the supernatural and sleep in the cemetery until dawn Tuesday.

Jack signed up Monday noon and agreed to the contract and also that he will relate a true version of his experiences upon release from his chains the next morning.

The big fireman won out over his 46 rivals for the berth in the graveyard because he was the first applicant.

He will be supplied with a gun and intruders are warned to keep away.

MEMOIR

Leaves have their time to fall  
And flowers to wither at the North  
wind's breath  
Stars have their time to set.  
But, Oh, death thou hast all seasons  
for thine own.

Willard Emmitt Engle, son of Abram and Annie Clemens Engle, was born in Washington C. H., Ohio, Jan. 22, 1905, and in the evening of June 2, 1920, departed this life, at the home of his aunt, near New Holland, being aged 15 years 4 months and 10 days.

Being an only child naturally he at once became the idol of the parents hearts and the sunshine in the home.

On October 13, 1916, the father answered the eternal summons, since which time all the hopes and ambitions of the fond mother were centered upon the beloved son and all her energies were bent upon fitting him for a happy and useful life.

In disposition, Willard, was quiet and kind. From the beginning he evinced an interest in his studies and having easily mastered the branches in the common schools, he entered Washington High School in the autumn of 1918.

His illness dates back about six weeks. Never having been robust, an operation for appendicitis following an attack of measles was more than the frail constitution could withstand. His last days were marked with intense suffering which was borne with a patience and gentleness characteristic of his disposition.

## POTTER'S TRAMPS ARE THE VICTORS IN RETURN GAME

Queen City Team Gets The Breaks in Shortest Game When Timmi and Van Zant Stage a Pitchers' Duel Which Ends 1 to 0.

Brilliant Fielding Behind Both Hurlers Lights up The Game When Sparkling Plays Turn Hits Into Easy Put-outs.

In a return game at Sunnyside Park Sunday afternoon the Potters Tramps of Cincinnati, sought revenge for a ten inning shutout several weeks ago by handing the same dose to the Washington Athletics by the same score of 1 to 0.

It was about the most perfect exhibition of the national pastime ever seen on the local lot and a new time record for a baseball game was set in Fayette county when the athletics romped through the full nine frames in one hour and 26 minutes.

Both teams fielded brilliantly and no less than three double plays were engineered around the second sack. Each time threatening runners perched on bases double killings brought the inning to grief and lusty cheers from the stands.

Timmi gave what was probably one of the best pieces of pitching ever glimpsed in any circuit when he retired the first fourteen men to face him in order. There was not a strike-out in that procession and the Athletics offered weak chances or popped harmlessly into the rare June atmosphere. He allowed five spare singles and was supported by great catches in the outfield.

Sherman VanZant, until recently of the Orlando club, managed by Jim Black, in the Florida State League, came up from Hillsboro and forked them over with his left. Van Zant is not a youngster by many seasons and he uses his head for something else than to hang his cap on, while on the mound. Although the Tramps slammed out ten safe drives they were wasted and it took a free pass to first followed by a single by Carr in the third to win for them. The foxy old hurler did not round to form until the sixth inning and from then he dazzled the Queen City crowd with slants that forked over the pan in wicked manner. Under any ordinary circumstances he would have won but the one run scored by Cincinnati hung like a mill stone around the necks of the locals.

The team that got the breaks won the game and this was readily seen in the fifth inning. Until that moment not a Washington man had touched first, but Harley Adams turned the trick. For the first time this season a ball was lifted out of the park over an outfield fence, when the long school teacher from Lees Creek hit a line drive that was foul by two feet. Umpire Flamm, of Cincinnati, waved him on just as the ball started to earth but the sphere curver out and he was signalled back. Unsettled by this clout Timmi grooved another and Harley sent it singing through the air to left for the first hit of the game.

Suttles did everything possible to tie it up in the ninth, but the opposition was too strong. Moorehead was sent to bat for VanZant but he fouled two and then missed the third strike. Chief McCall got one of his team's five hits and things brightened. Hig. Corwin had his foot in the place where Timmi pitched and took a pass. With the two big guns of the Athletics up ten innings looked inevitable. Doyle was out and Noon followed when he sliced one to Timmi and the right hander grinned while he lopped it over to first.

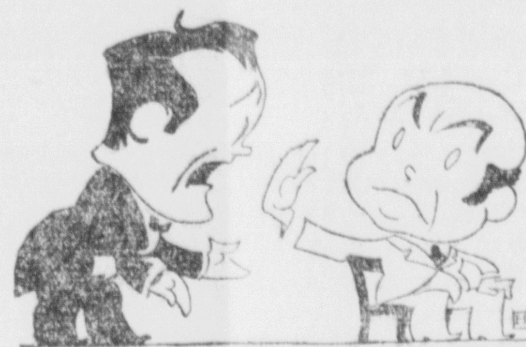

The famous representatives of the Potter Shoe Store are scheduled for this city July the fourth and on the fifth for a two game series.

AND GAVE him one.

OF MY cigarettes.

IT MAY have been.

JUST A coincidence.

IT MAY have been.

BUT I rather doubt it.

HE FINISHED the smoke.

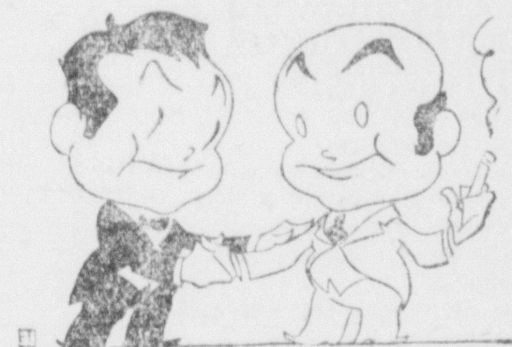

AS I finished my talk.

AND HE said, "All right.

YOUR ARGUMENTS.

ARE LIKE your smokes.

THEY SATISFY."

CHESTERFIELDS "satisfy." And yet Chesterfields are mild. With "body" enough to satisfy a cigar smoker, Chesterfields are mild enough to suit any cigarette smoker. They're mild and yet they "satisfy." That is doubtless why Chesterfields have so many friends among both classes of smokers.

READILY SECURE  
MANY TEACHERS  
FOR THE SCHOOLS

No Shortage of Teachers For the First Time Since 1914 Says County Superintendent.

Salaries Increased One Hundred Percent in Six Years Is The Reason Given.

For the first time in several years, it is announced by County Superintendent of Schools O. S. Nelson, there will not be a shortage of teachers in the rural school districts this fall and desirable applicants have been secured for almost every position with little or no trouble.

There is, however, a shortage of teachers in the high schools and in the large centralized and consolidated schools where men teachers are desired. This is attributed to the fact that for some time there has been a marked decrease in the number of male applicants for teaching positions.

The number of teachers available this year, Superintendent Nelson states, may be attributed to salary as the primary cause. "Since 1914 salaries of teachers in the rural and village schools have been increased one hundred percent. While it is agreed that the cost of living has increased on a par or even above this figure the salaries are more attractive than they were six years ago."

Another reason given for the number of applicants is the number of positions open compared with 1914 due to the centralization and consolidation practised over the county where ever possible. In 1914 the county employed 122 teachers while this year the

MARION FARMER  
GOT RELIEF FROM  
TERRIBLE ECZEMA

Would wake him up during the night and could not resist scratching, which caused great sores. Declared the root and herb remedy, Dr. Dresco, has driven it from his system.

"I hope some person who suffers from eczema will read what I have to say and will be led to try this great medicine, Dresco," are the words of Mr. L. A. Collins, one of Marion, O.'s, best citizens, who owns a big farm four miles from this city.

"My life has been a misery for years on account of this terrible disease," he continued. "Why, it would wake me up at night itching and burning like fire. I could not resist scratching, as that seemed to relieve it, but this soon made big sores all over my body. I've tried ointments, creams, lotions, everything recommended to cure eczema, but without success."

"I decided to try Dresco, which was claimed to be a blood purifier and system cleanser, and Dresco is what has given me such wonderful relief. It has stopped the itching and burning, also dried up the sores, and today I am absolutely free from eczema. Dresco also cleaned my liver off; stopped the dizzy spells; quieted my nerves so that I could sleep well, and has created a splendid appetite. I certainly praise Dresco at every opportunity."

Dresco is made from herbal plants which clear the impurities from the blood; rouse a lazy liver to action; strengthen weak kidneys; aids the stomach to digest the food, and relieves constipation.

All good druggists sell Dresco and it is being specially introduced here by

number needed to fill out the teaching corps is 96.

Under the new school laws teachers with college work are given the same credits as those taking normal training and this has been an added incentive to applicants. Also teachers with eight years of experience are not required to take normal training under the same decree.

Unfavorable conditions faced by the school boards of Fayette county until recently, have been almost entirely removed and the big question of school instructors has been, in part, at least solved.

BUCKEYE LAKE  
TRIP POSTPONED

The Washington Band, scheduled many weeks ago to fill an engagement at Buckeye Lake, Sunday June 6th, was forced to postpone the trip until next Sunday, June 13th.

Weather conditions were unfavorable and it was thought best not to risk the long trip.

Arrangements are being made for taking every member of the band on the roll next Sunday.

## DURABILITY

"Made to Endure and Make Starting Sure"

The rugged construction of the Cooper Battery has given it those long enduring qualities which are so necessary to the Storage Battery, if the service it renders is to be efficient and of long duration. Two distinctive features that give the Cooper Battery durability are the heavily pasted plates, with an active material of special composition, and the Port Orford Cedar Separator.

## The Plate

What the motor is to the Automobile, the plate is to the battery—its heart. Long life and efficient service depend to a greater degree upon the plate than any other part of the battery.

Cooper engineers have designed the plate of this battery—heavily pasted with an active material of special composition) to meet the unusual requirements of the electrical system of your car. This plate is your assurance of electrical energy that is ever ready, efficient, and longer lasting.

## The Port Orford Separator

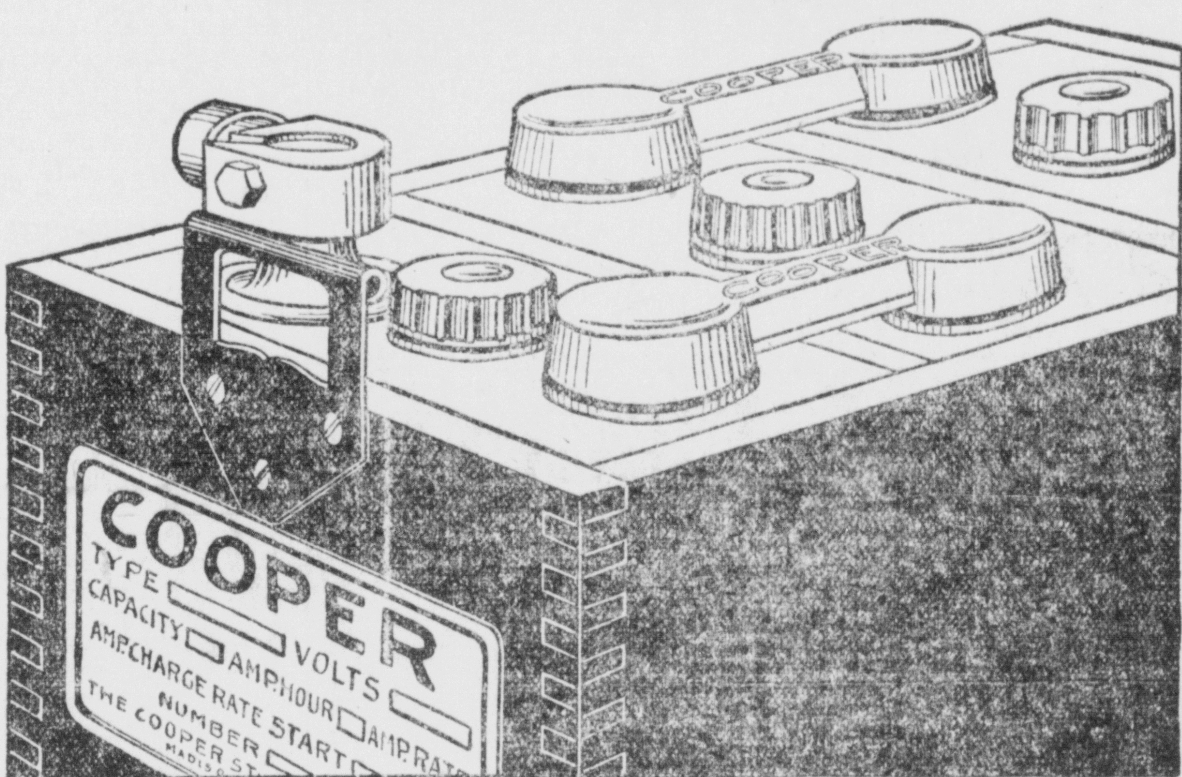

The purpose of the separator of a battery is to act as an insulator between the plates. The Port Orford Cedar Separator used in the Cooper Battery offers greater resistance to the action of the electrolyte and the natural wear and tear due to friction between the plates, which is caused by the continuous jarring and vibrating of the automobile.

Our special process for treating Port Orford Cedar Separators eliminates all injurious substances and still retains the natural texture and firmness of the wood.

Before you buy your next Battery, stop at our Service Station and let us show you how the Cooper Battery is constructed, and explain the guarantee under which it is sold.
